

SunModo offers solutions that meet the Domestic Content requirements of the IRA.

To meet the qualifying criteria for tax credit incentives under the IRA, solar projects must use a combination of modules, MLPE and racking with a minimum aggregate threshold of 40% Domestic Content.

The content provided in this bulletin is for informational purposes only. SunModo does not provide any tax, legal, accounting, or financial advice. SunModo makes no representation or warranty that any customer or taxpayer will be able to claim the DCBC if it purchases SunModo domestic components. Customers must consult their own tax advisors to determine eligibility

SUNMODO DOMESTIC CONTENT

RAIL

RAIL

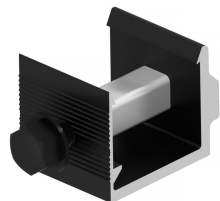

Part Number	Description
